## Bethany College Bulletin

**VOL. XLI      March, 1948      No. 3**

Entered as second class matter at Bethany postoffice. Accepted for mailing at special rates of postage provided for use in Sec. 1108, Act of October 3, 1917, authorized August 2, 1918. Published every month except July and August by Bethany College, Bethany, West Virginia.

J. Gerald Patterson, '38, Editor

## FINANCIAL AID TO STUDENTS

A subject of much discussion in the period of the 1930's was the manner in which many private institutions of higher education were prostituting the traditional scholarship or financial aid as a means of obtaining students.

Some institutions were guilty of extending to every entering freshman a scholarship or financial grant. The process was automatic and every person connected with the institution could hold out the offer of financial aid as an inducement to attendance. Conveniently sliding scales were sometimes used in order to meet the keen competition then existing for students.

This sort of thing gained such prevalence as to be dealt with by "Fortune" magazine at one time.

As we move further into the peacetime years certain phases of life common to pre-war years return. This is true even in the life of the small liberal arts college such as Bethany. Though not facing a dearth of applicants for admissions, there is a definite responsibility for attracting to the campus a sufficiently large and well qualified group of new students each September. The subject of financial aid arises naturally.

The granting of a reasonable amount of financial aid to worthy students is desirable, but this should not be a part of normal college entrance procedure. Every applicant for admission to college should not necessarily fill out a request for scholarship assistance at the same time as he completes his formal application for admission.

Bethany College does not bid for students on the basis of scholarships or other forms of financial aid. If an applicant has been granted a scholarship by another college or university he should not approach Bethany College in the hope of receiving a more favorable award. In brief, "shopping" by applicants, by parents, and by high school administrators for the best obtainable awards is not considered ethical by the College. This does not preclude simultaneous filing of applications with several colleges.

Bethany College does not award scholarships or other forms of financial aid to students solely on the basis of a specified rank in their graduating class and without application by the student. Need, to the extent that the student would otherwise encounter great difficulty in attending college, should be the first consideration in making application for any form of financial aid.

The sole exception to the principle of need in the Bethany program is the annual competitive scholarship examinations. Ten awards are made each year on the basis of ratings received under purely academic competition. Recognition of scholastic achievement of this nature has a proper place in a total program of financial assistance.

It is believed that the careless administration of financial aid funds is not only detrimental to the effective functioning of the college but also deprives the student of services which he might have received had the funds been expended for definitely instruction purposes.

The alumni of Bethany College will have a great deal to do with the scholarship program of the years ahead. There currently exist ten Alumni Regional Scholarships, awarded upon alumni designation. Many other scholarship applicants are recommended by alumni. It is well that the purpose of the financial aid program be understood.

## NAVY RECOGNIZES WARTIME AID

A plaque in recognition of service rendered to the wartime United States Navy officer training program by Bethany College, was presented to the college on January 8 by Captain Herbert Dumstrey, Ch. C., United States Navy, at formal convocation services attended by the student body.

Captain Dumstrey in making the award on behalf of the commandant of the Fifth Naval District, Norfolk, Va., emphasized the magnitude of the service rendered to the armed services by colleges and universities in training personnel for the tremendous task of mobilizing the great forces required to win the war. Captain Dumstrey further emphasized the values of a training in the liberal arts and sciences for the development of the capacity to render proper decisions at the required time.

President Wilbur H. Cramblet, in accepting the plaque, reviewed briefly the conditions leading to the establishment of the Navy V-5 and V-12 programs on Bethany's campus. The Bethany V-12 program was the only such college-navy operation in West Virginia and in the immediate tri-state area. President Cramblet pointed out that the college had considered itself honored when the Navy authorities approved Bethany as a training site for future officers, and that a great service had been rendered to Bethany in enabling the college to retain an operating faculty, to continue full use of its educational facilities, and to maintain its civilian student activities even on a limited basis.

During the seven semesters the navy program was in operation at Bethany College more than one thousand men received pre-medical or basic officer training at the college.

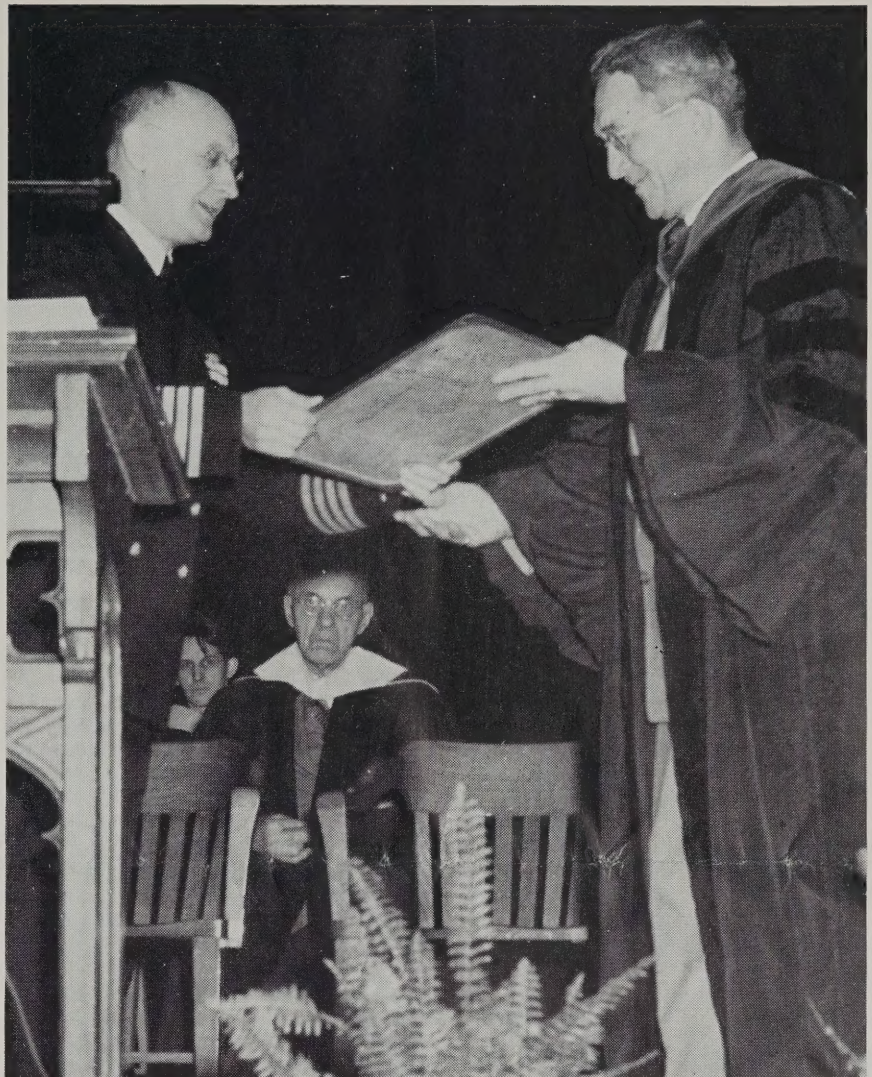

The plaque of recognition will be placed in the central entrance to Old Main.

## STUDENT PERSONNEL SERVICE REORGANIZED

In keeping with the increased functions performed by the Office of the Dean of Students, a reorganization has been effected that will assure more complete personnel matters.

Attendant upon the growth of the Bethany College student body in numerical size has been an equal increase in the complexity of student affairs. It is in this area of responsibility that the small college should be enabled to provide a service distinctive from the larger, more impersonal institutions.

**Forrest H. Kirkpatrick '27**, Dean of Students, has announced the appointment of **Elizabeth Belt '31** as Registrar. Miss Belt will be in charge of work related to the admission and readmission of students, classification of students maintenance of academic records, and the administration of matters dealing with students enrolled under Public Law. She will be assisted in this work by **Beverly Mikels '47** as Recorder.

PRESIDENT CRAMBLET ACCEPTS PLAQUE FROM CAPTAIN DUMSTREY IN RECOGNITION OF WARTIME AID RENDERED THE UNITED STATES NAVY BY BETHANY COLLEGE.

Miss Jane Dingledine, who came to Bethany last fall after work at Columbia University, has been named Assistant to the Dean of Students, with primary responsibility in the areas of counseling and guidance matters, withdrawals, testing and appraisal. She will be assisted by **Betty Shaffer '45** as psychometrist.

Student employment, vocational counseling and placement of graduates have been organized under Miss Ann Radulovic as Vocational Counselor. Miss Radulovic has been a member of the faculty at Bethany College serving the Department of Economics and Business Administration as well as in the Office of the Dean of Students.

## COMMENCEMENT

The 107th Commencement at Bethany College will be held June 13, 1948. Saturday, June 12th, will be devoted to Alumni activities as in past years.

A detailed program will be announced at a later date. Plan now to be in Bethany for June 12-13.

## ALUMNI RECORD

Splendid results have been obtained to date from the alumni questionnaire contained on the last page of the September and December Bulletins.

Key-sort cards are now being prepared whereby all alumni and former students will be subject to classification according to geographical location, graduation, field of study, vocational interest, marital status, undergraduate activities, etc.

One of the purposes of the new system is to remove that ever present percentage commonly known as "dead timber".

Accordingly, the mailing list for future editions of the Bulletin and other material is to be on the basis of the alumni questionnaires returned. **Only those submitting completed questionnaires are to be continued.**

If you have not yet completed the questionnaire a copy will be found on page 11 of this issue.

JAMES FRENCH WINN  
Class of 1879

## OLDEST ALUMNUS REPORTS

James French Winn, graduate of Bethany College with the Class of 1879, recently sent in his alumni questionnaire and thereby brought to light the fact that he is the oldest known living graduate of the College.

Born in Clark County, Kentucky, August 12, 1859, he was educated in the Clark County public schools and received his college preparatory work in private schools and seminaries in Winchester, Kentucky.

Mr. Winn entered Bethany College in the fall of 1877 with advanced standing as a junior and aspirations to be a civil engineer. He established an outstanding scholastic record and was graduated with honors and as valedictorian of the Class of 1879.

Following his graduation from Bethany, Mr. Winn decided to become a lawyer and after an extended course of private instruction and reading he entered the summer law school at the University of Virginia. While at Virginia he studied under the famed Professor John B. Minor and proceeded to complete three terms in one. He then turned to the University of Michigan entering in 1880 by means of special examination and was granted the privilege of taking the two year course in one year, and graduated with his L.L.B. in 1881, just two years after receiving the Bachelor of Science degree from Bethany.

Mr. Winn returned to his native state of Kentucky where he became editor of the **Winchester Sun**, a weekly newspaper, and he continued to serve as editor from 1881 to 1883. At the same time he served as editor of the **Lexington Daily Press**, now the **Lexington Herald**, from 1882 to 1883, when he resumed the practice of law in Winchester.

In 1885 Mr. Winn was selected to serve as Representative of Clark County in the State Legislature and served until 1887. From 1890 to 1893 he served

as Master Commissioner of the Clark Circuit Court.

Mr. Winn has continued the practice of law in both the state and federal courts, including the Supreme Court of the United States, in which he argued and won several cases. He is still actively engaged in the practice of law and is the oldest member of the bar in Central Kentucky.

While in Bethany College Mr. Winn was initiated into Delta Tau Delta fraternity and was also a member of the Neotrophian Literary Society. Since 1882 he has been a member of the Masonic fraternity and served as Grand High Priest of the Grand Chapter of Kentucky Royal Arch Masons in 1920-21.

## TUCK CELEBRATES SILVER ANNIVERSARY

Twenty-five years as minister of the Church of Christ in Wooster, Ohio, were climaxed for **Robert S. Tuck '21** at a special silver anniversary service in December.

The big day was a combination celebration and farewell to Mr. and Mrs. Tuck as they were leaving on an eight months vacation tour to include travel in Europe and the United States.

Mr. Tuck's sole ministry has been in Wooster where he built a small group of people into a church of more than 700 resident members. In the course of his twenty-five years in this community he performed 1,100 wedding ceremonies.

A great part of Mr. Tuck's success can undoubtedly be attributed to the other Bethanian in the family, **Marie Holloway Tuck**, a Zeta at Bethany and a member of the Class of 1921.

## HONORED BY RCA

**Roy A. Price '29**, vice-president of the Bethany College Alumni Association and Manager of the Indianapolis record plant of the RCA-Victor Division of the Radio Corporation of America, was recently awarded the RCA-Victor Award of Merit, the highest honor award of the company.

Each year the giant Radio Corporation selects fifteen outstanding employees from their network of laboratories, field establishments, and other operations. The selection is made on the basis of individual performance of an extraordinary quality during the twelve month period.

Bethany's Price was cited for outstanding achievements in planning and carrying out a program of production for twelve inch records at the Indianapolis plant.

"Bucky" resides at 4711 Rookwood Avenue, Indianapolis 8, Indiana where the former **Mabel Arnold '29** reigns as Mrs. Price.

## INDIANAPOLIS PLANS PROGRAM

The Indianapolis Chapter of the Alumni Association has announced its program of coming activities and the future seems to hold a great deal for Hoosier Bethanians.

The new year was opened in January by having Mr. H. Dale Brown, Director of the Indiana Bureau of Motor Vehicles, as the Chapter guest. Mr. Brown spoke very interestingly about the state safety program as applied to motor vehicles.

On April 9th the group will have as its guest **President Wilbur H. Cramblet '10**.

For May 12th Indianapolis is staging a "High School Guest Nite", which will be an organized opportunity for the Bethanians in that area to introduce young people of high school age to some of the Bethany College ideas and traditions. **Dean Forrest H. Kirkpatrick '27** will be present from the college for the occasion.

## MT. VERNON ALUMNI MEETING

On the occasion of a visit by **Rev. Dale Fiers '29** to Mt. Vernon, Ohio in February for a one week preaching mission, a group of local Bethanians gathered at the home of **Sara M. Cannon '24**.

Among those present honoring Rev. Fiers were **C. V. Critchfield '93**, **Hazel Piers Vernon x-'27**, **Ruth Bebout Ball '32**, **Sheridan Lloyd '32**, and **Mary Lou Zeisloft Goodson '37**.

## CLEVELAND CHAPTER ELECTS

On February 27 the Cleveland Chapter of the Alumni Association gathered at the home of **Dr. and Mrs. R. R. Renner '17** and '22 for a very enthusiastic business meeting and election of officers.

**Kenneth Resseger '33** was selected to serve as president for the coming year, replacing **C. H. Burke '30** who was named Chairman of the Program Committee.

**Mrs. Ethel Burdette Fitch '22** was named Secretary with **Patricia Wanhg '46** as Treasurer.

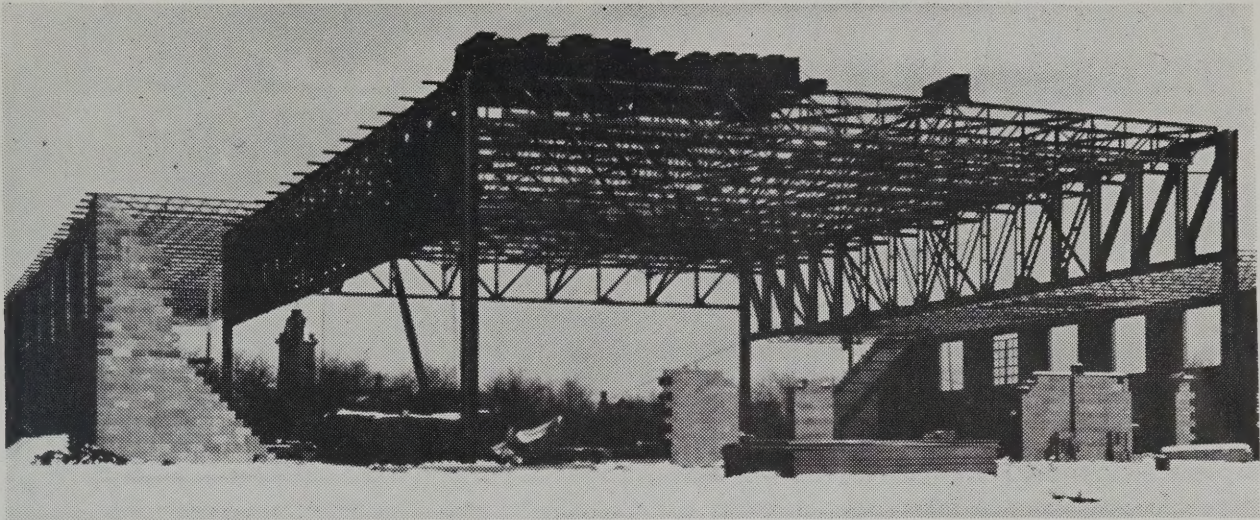

## WASHINGTON GROUP

The Capitol Area Chapter of the Bethany College Alumni Association met on March 11 in the National City Church to see movies of the college and to hear a report on current campus activities from **Pres. W. H. Cramblet '10**.

The Capitol Chapter is laying plans for a total enrollment of their membership in the Five Year Development Program.

## GYMNASIUM NEARS COMPLETION

As shown above by a picture taken in early February, the new gymnasium for Bethany College is rapidly approaching the state of reality after many months of planning.

Structural steel for the building arrived in December and work was begun immediately on the assembling of the trusses and their erection. A wave of zero weather during January and early February slowed down the job considerably but as soon as the weather broke work was resumed and is now progressing at a rapid rate.

Present schedules call for the building to be completely enclosed and under roof by April which means that the structure will be available for at least partial use before the end of the present college year.

The addition of this new facility will add much to the program of physical education and recreation at Bethany College.

A greatly expanded intra-mural program for both men and women will now be possible with the increased floor space available in two gymnasiums as well as the other recreational facilities. Inter-collegiate sports can also be expanded with the removal of the limitation imposed by trying to crowd the entire college program into one gymnasium.

As a stop-gap measure this year the local high school gymnasium has been pressed into service three evenings each week for college activities but this has been a far from satisfactory solution.

With the opening of the new college year in September 1948 Bethany College will for the first time be able to provide separate and adequate physical education facilities for the men and women.

Irvin Gymnasium will serve as the center of all women's activities. This structure, together with the tennis courts located near Phillips Hall, the athletic field immediately in back of the college, and the hard surfaced volley ball court, will permit a full schedule of activities throughout all seasons of the year for the college women. There will be no interference in or from the operation of the men's program.

The new gymnasium, with the new

athletic fields located immediately adjacent thereto, the running track, and new tennis courts, will provide the facilities for a complete program of men's activities.

Three basketball courts will be available in the new gymnasium for physical education classes and the intra-mural program. Handball courts, badminton courts, and other areas will likewise be available for a much more varied program of activity periods.

The Bison inter-collegiate courtmen will benefit greatly by the new 90 by 50 foot playing court. The "band box" currently in use has offered a severe handicap to the conditioning of the squad and the playing of games away as well as at home. An upturn in court fortunes is looked for with the move into new quarters.

Seating facilities for approximately 1,250 spectators are planned for initial installation. The building will be adequate for at least 2,500 seats but the installation will not be made until proper demand is felt.

The completion of this fine new gymnasium represents a great deal to the Bethany College Alumni Association. The cost of this structure has been underwritten by the alumni as their portion of the Five Year Development Program. Funds received from the annual giving program are to be turned over for the purpose of paying for this building.

The response during the current year to the request for support has been good but not nearly adequate enough to meet the cost of this structure. With work proceeding so well and completion of the building only two or three months away all alumni who have not yet contributed their share should make their move in order to guarantee the success of this greatest of alumni ventures.

All alumni visiting the campus during the spring months are invited to tour the site of the new structure and also to stop by the President's office for a look at the blue prints if there are questions as to facilities included in the building. Alumni Day on June 12 will be an excellent time for a visit to the campus, and a view of the new gymnasium.

## MEWHIRTER LEADS SCORERS

Galloping Jim Mewhirter, Bison forward from Avalon, Pa., carried off scoring honors for the 1947-48 court season by rattling the hoops for a total of 353 points in 19 outings and an average of 18.58 per game.

Mewhirter, now in his sophomore year, garnered additional laurels by being named "player of the week" by the Pittsburgh Press and by being placed on W. & J.'s all-opponent team.

Highwater mark for Mewhirter during the year was 38 points against Glenville, closely followed by 34 points in the first Davis-Elkins setto and 31 against California Teachers in the season opener. Other high games included 27 and 25 against Marietta College, 22 against University of West Virginia, 21 against both Glenville and California Teachers, and 20 against Fairmont State College.

It is appropriate to say that Mewhirter's terrific scoring punch does not alone measure his true value. He is undoubtedly one of the finest basketball players to ever wear the Green and White and his play as a "team player" is outstanding. With two more years of inter-collegiate play ahead of him, Mewhirter will establish a lasting reputation at not only Bethany College but throughout the entire tri-state area.

## MARTIN SETS NEW RECORD

Edgar Martin '51, sophomore court flash from Warwood, W. Va., again shattered the Irvin Gymnasium scoring record on February 7, 1948 by scorching the nets for 43 points against Davis-Elkins.

Martin established the previous high mark on March 1, 1947 when he racked up 39 points against Marietta College. This effort wiped out the mark of 36 points established by Dick Miller x-'45 of Chester, W. Va. on February 27, 1943.

AS SEEN FROM THE UPPER CAMPUS. . . .

## BETHANY HOUSE OPENS

Bethany House, first major addition to college facilities since Phillips Hall, was opened for complete use upon the return of the students from Christmas holidays.

A project of the Five Year Development Program, the Bethany House represents a quarter-million dollar investment for service to future students at Bethany College.

As shown above the new building follows the architectural pattern of Old Main, Oglebay, Commencement, and Phillips Hall. This has a definite influence on tying the lower and

A CORNER OF THE MEN'S DINING HALL

upper campus together into a larger and more beautiful unit. Main facilities provided by Bethany House are the Dining Hall for Men, Student Union, and Bee Hive.

## DINING HALL

Located on the top floor, the Dining Hall for Men presents a beautiful picture of Gothic styling with its oak beamed ceiling and large molded stone bay window. This Dining Hall is indeed one of the most beautiful areas in the entire college.

Completely modern kitchens for the dining hall are located in the rear wing. Elevator service to the floor below permits the serving from the kitchens of private dinner parties in other parts of the building.

Dining space and service facilities are available to serve four hundred guests, an adequate figure for the permanent development plans of the college.

## STUDENT UNION

The main entrance of the building is from a terrace facing up the hill toward the upper campus. As shown above this entrance is styled closely to the main entrance of Phillips Hall, giving additional evidence of architectural unity.

Directly inside the main entrance is the large lounge of the Student Union. This lounge is attractively furnished with comfortable leather sofas and chairs with draperies complementing the general color scheme of the furnishings. A large fire place provides the center for many pleasant groups.

In addition to the main lounge the Student Union has two large rooms available for club meetings, private dinner parties, and other general student activities.

A second lounge in the Student Union has been set aside for reception of college guests, more formal student gatherings, and also general faculty use.

Service facilities for the Student Union include an office for the Bethany House manager, a large serving room, coat room, and rest rooms.

## BEE HIVE

Located on the ground floor with entrance from Main Street,

. . . . . AND COMING UP MAIN STREET

the Bee Hive provides the soda shop, restaurant and general refreshment spot for the student body and their guests. Separate kitchens and serving facilities are contained on this floor making the operation completely independent from the remainder of the building.

Bethany College has long felt the need for the facilities provided by Bethany House. Being located in a small community the college itself must be responsible for many services that in large communities are provided by outside agencies. Proper dining facilities for all students are a primary and inescapable responsibility of the college and beyond this the college must also provide opportunity for social contact under conditions that help develop correct individual social behavior.

One of the primary purposes of the Development Program is to provide adequate dining facilities for men and suitable quarters for the accommodation of the many student activities on the campus. The construction of the Bethany House was undertaken to help answer this purpose.

During the past two years a situation had developed in the conduct of student interest clubs, for example, in which the lounges of both Cochran and Phillips Hall were practically removed from use by the students actually in residence in the dormitories. Meetings of the International Relations Club, Spanish, French and German Clubs, Camera Club, Journalism Fraternity, Alpha Psi Omega, Varsity "B" group, and other student groups were scheduled for weekday evenings in one or the other of the dormitory lounges. As a result the girls in Phillips Hall found their lounge constantly occupied by a club meeting and the same situation prevailed for the men in Cochran Hall.

Ample space is provided in the Student Union for two or three student groups on the same evening without interfering in other parts of the college program. Not only will the operation of the groups be improved but the facilities of the dormitories can be returned to the use for which they were originally intended.

In preparing a program for the operation of the Bethany House and its many facilities President W. H. Cramblet appointed a committee from the faculty to prepare recommen-

dations. This committee invited the Student Board of Governors to appoint several students to work with the faculty committee and to prepare, in this manner, a report which would represent both student and faculty thinking on the subject. The joint report was presented to the President on December 20 and has been serving as a guide in the utilization and operation of the Bethany House.

### ALUMNI USE

The Bethany House with its varied facilities will be the campus site for all future alumni meetings and activities of  
(Continued on page ten)

### ONE OF THE LOUNGES

## AMERICAN CHEMICAL SOCIETY CHAPTER ESTABLISHED

The American Chemical Society recently approved Bethany College as the site for the formation of a chapter of Student Affiliates, the only chapter in the state of West Virginia. Formal announcement of the approval was made by W. Albert Noyes, Jr. in a letter to Dr. Charles F. Brown, Head of the Department of Chemistry.

Members of the Bethany College Chapter will enjoy all the rights and privileges of the American Chemical Society with the sole exception of voting in the election of national officers.

While the A.C.S. is a professional society for chemists, it fosters the student affiliates for chemistry majors at American colleges and universities. The purposes of the student affiliates are: to offer chemistry students at Bethany College an opportunity to become better acquainted with chemistry, to secure intellectual stimulation that arises from professional association, to secure experience in preparing and presenting technical matter before chemical audiences, to foster a professional spirit among members, and to instill a professional pride in Chemistry.

The college is indeed proud to receive this recognition from a professional organization of such standing as the American Chemical Society.

## COMPETITIVE SCHOLARSHIP EXAMS

Five awards of \$1,000 and five awards of \$600 will be offered by Bethany College in the annual competitive scholarship examinations to be held on the Bethany campus April 17.

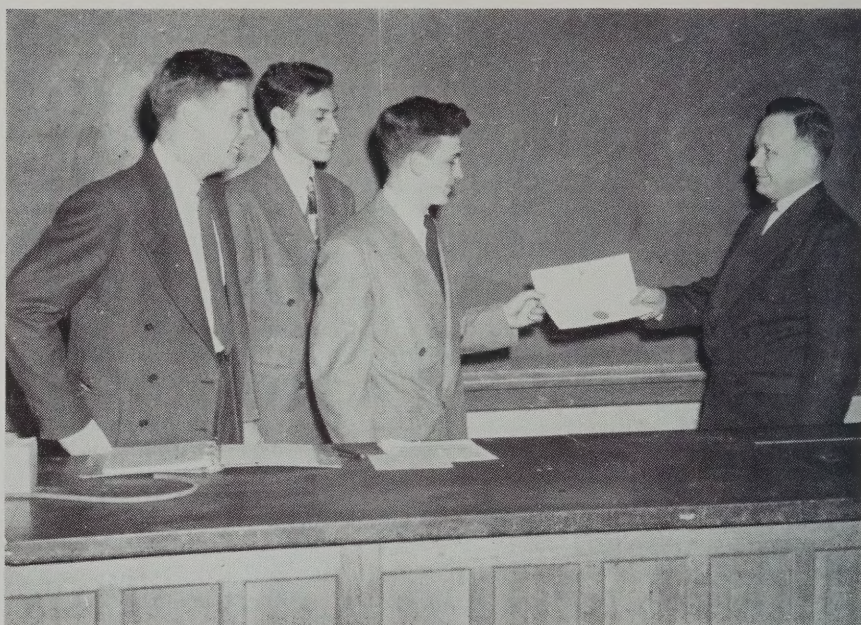

This is the eleventh year for the competitive scholarship program at the college and with the return of something approximating the pre-war situation in high school graduating classes the participation in the program is expected to be quite large.

Other sites for the examination include New York City; Detroit, Michigan; and Buffalo, New York. The examination will be given in all four places on the same day.

To be eligible for the scholarship competition the high school student must be a member of the 1948 graduating class, be ranked in the upper half of the class, and be recommended by responsible school officials for the examination.

Graduating students in this area planning to participate in this year's examination on April 17 are instructed to write to the Director of Admissions, Bethany College, Bethany, W. Va.

All scholarships awarded as a result of this spring's competition are for entrance to the college in September 1948.

MEMBERS OF THE NEWLY FORMED CHAPTER OF STUDENT AFFILIATES OF THE AMERICAN CHEMICAL SOCIETY SMILINGLY RECEIVE THEIR OFFICIAL CHARTER FROM DR. C. F. BROWN, HEAD OF THE DEPARTMENT OF CHEMISTRY. MEMBERS ARE: RALPH PERRIN, KENMORE, N. Y.; ALLEN HAMERSCHLAG, NEW YORK CITY; AND DONALD LONCASTY, EAST AURORA, NEW YORK.

## DEAN KIRKPATRICK MANAGEMENT SPEAKER

One of the speakers and group leaders at the Industrial Management Institutes held at the University of Wisconsin during the week of January 20 was Dean **Forrest H. Kirkpatrick '27**, Bethany College.

He directed the session on personnel research methodology and accomplishments. The Institutes were held under the sponsorship of the School of Commerce and the Extension Division of the University of Wisconsin.

## CAREER CONFERENCE SCHEDULED

Mr. Donald S. Bridgeman, personnel director of American Telephone and Telegraph Company, has been tentatively scheduled as the keynote speaker for the Career Conference of 1948 to be held April 15 and 16.

The conference will include business leaders from approximately twenty-five vocational fields, which have been determined as the major interests of Bethany College students through a survey of the vocational goals of all students.

The Career Conference provides an opportunity for the students to become acquainted with the practical and realistic side of work by bringing in experts from the various fields of business to the campus.

Miss Ann Radulovic, director of the conference, has announced the appointment of June Morris, Los Angeles, Calif., and Donald Mulgrew, Steubenville, Ohio, as co-chairmen of the student committee. The faculty committee is composed of Dr. C. F. Brown, Miss Jane Dingleline, Prof. R. H. Kyler, Dean Forrest H. Kirkpatrick, Miss Radulovic, and Miss Margaret Woods.

## COLLEGE CHOIR PROGRAMS

The Bethany College Choir of forty-eight mixed voices, described as one of the best music aggregations formed at the college in recent years, has scheduled six off-campus programs for the second semester of the year.

On February 29 the group was heard in the Beech Bottom, W. Va. Community Christian Church where **Eorle Biddle '13** is pastor.

Butler, Pa. was the next stop on March 19 where the choir presented a program in the Butler Senior High School assembly and then devoted the evening to a program for the North Street Church of Christ.

On May 2 the choir will travel to Dawson, Pa. for an evening concert in the Dawson Methodist Church.

On May 9, the Bethany College Choir will present an afternoon program in the Second Christian Church in Washington, Pa. and will proceed to Greensburg, Pa. where they will be featured in the Sunday evening community vesper services.

Arrangements for a date in Wheeling, W. Va., are still pending.

Bethanians living in or near the towns in which appearances are scheduled are urged to get out to hear this fine group of student singers.

## ALUMNI RECORD

Have you checked page 11 for your alumni questionnaire? Complete and mail this to the Alumni Secretary, Bethany College.

## ALUMNI NOTES

**Holly Marie Baker** x-'41, is secretary to the president of the Gorman-Rupp Company in Mansfield, Ohio.

**Will H. Barnhart** '40 advises that he is employed as a radar technician in the Goslin Electric and Manufacturing Company in Burbank, California.

**Karl T. Broadley**, x-'23 has bought the Higgins News of Higgins, Texas and devotes his full time to editing and publishing the newspaper.

**Betty Smiley Bruce** x-'41, answers to the title of Medical Technician in the Laboratory of Clinical Medicine in Seattle, Washington.

**Marion Lutterl Bush** '15, is the Senior Statistical Clerk in the Receiving Department for the American Viscose Corporation in Nitro, W. Va.

**William "Bill" Carlisle** '47, is one of the fellows who had their college years at Bethany interrupted by service in the armed forces, is now a salesman with the Sealtest Ice Cream Company in Bay City, Michigan.

**William Castellano** '36, a graduate in the fields of physics and chemistry, is a research chemist for the Paraffine Companies Incorporated of Oakland, California.

**Merle A. Coe** '36, checks in from Carrollton, Ohio with the information that he is doing promotional work for the Credit Department of the Union Savings and Trust Company in Steubenville, Ohio and on the side has a 159 acre farm "on the banks of the Elkhorn Creek."

**Edwin VanHorn Condron** x-'17, serves as pastor of the Houston, Pa. United Presbyterian Church.

**Cleveland C. Cromwell** '30, has returned from the chaplaincy to the ministry with Union Church in Cissna Park, Illinois.

**Roy A. Fordyce** x-'18 is the Supervisor of Agriculture for the North East School Board, North East, Pennsylvania.

**Dorris Shankroff Hanna** '45, advises that she received her Master of Science degree from Western Reserve University in June 1947 and is now working as a psychologist for the Cuyahoga County Child Welfare Board, in Cleveland, Ohio.

**Theodore P. Herrick, Jr.** x-'44, holds forth at Ohio State University as an instructor in the School of Commerce and Administration.

**Harry Hickman** '34, is merchandise manager for the Triangle Shoe Company Inc., operators of a chain of Shoe Stores. Harry lives at 50 Catlin Street, Wilkes-Barre, Pennsylvania.

**Robert C. Howe** '37, is vice-president of the New Castle Grocery Company in New Castle, Pennsylvania.

**Elizabeth Hendershot Huffman** x-'35 teaches adult classes in home nursing and is also an instructor in the Akron, Ohio schools in Red Cross home nursing.

She is with the Summit County Chapter of the American Red Cross.

**Byron E. Jackson** x-'07, is a Special Agent in the Intelligence Unit of the Bureau of Internal Revenue.

**Frances Ridgeway Johnson** x-'45, is librarian in the Benjamin Franklin Junior High School of Uniontown, Pennsylvania.

**Patricia Ball Joseph** '45 lives in Wheeling, W. Va., where she is a laboratory technician for the Cooke-Waite Laboratories of Sterling Drug, Incorporated.

**Erwin "Speed" Koval** '47, holds down a position of Staff Photographer with the Pittsburgh Post Gazette.

**Donald "Bush" Lewis** '33 has been named Assistant General Manager of the Hammond Bag and Paper Company, Wellsburg, W. Va.

**Harry Deane Loveland** '31 now lives in Belle Vernon, Pa. where he is with the Metropolitan Life Insurance Company.

**George D. Massay** '24, ministers to the First Church of Christ in Monongahela, Pa.

**Philander A. McCray** '34 serves as a field representative and chemist with the Office of Rubber Reserve, Reconstruction Finance Corporation, Washington, D. C.

## BETHANY HOUSE

(Continued from page seven)

any size. Lounges of the Student Union will lend themselves admirably to those Alumni Day visits when old classmates see each other for the first time in years to reminisce over mutual experiences. The spacious Dining Hall will provide much more ample accommodations than have been available in the past. And last but not least, the location of the Bee Hive will do away with all the running up the hill and down the hill between alumni meetings and the place to grab a quick "coke".

## SUPPORT URGED

This fine new building is a manifestation of what the Five Year Development Program means for the future of Bethany College. It was previously printed in an earlier edition of the Bulletin that the Development Program does not call for a dormitory or a dining hall or a laboratory. The Program calls for a comprehensive undergirding of the entire college structure to strengthen the institution for the fruitful years that lie ahead.

Alumni are urged to continue and to broaden their support of Bethany College. These pages are evidence of what can be accomplished.

## OBITUARIES

**Julian T. Barclay** well known resident of "Peacepoint", near Bethany, passed away February 18, 1948 after an illness of several years. He was born November 12, 1875 in Alabama, the son of the late John and Decima Campbell Barclay and the youngest grandson of Alexander Campbell, founder of Bethany College. Mr. Barclay received his A. B. degree from Bethany and his M. A. degree from Yale after which he taught in the Universities of Louisiana and Colorado.

On July 14, 1906 he married Mary C. Magarey of Australia at the Campbell Mansion in Bethany and settled at "Peacepoint". During the years 1920 to 1929 and from 1935 to 1938 he resided in Australia and from 1929 to 1935 in California. He also lived in Tangiers, Morocco when his father was American Consul there. From 1915 to 1917 he served as interpreter at the Pan American Union in Washington, D. C.

He is survived by his wife Mary and son Magarey of Bethany, a daughter, Mrs. Julian Andrews and seven grandchildren of Australia and a brother, Dr. Judson Barclay of Kansas.

Burial was in the Campbell cemetery in Bethany with the Rev. James B. Miller of the Bethany Memorial Church officiating.

\* \* \*

**Vivian Gilbert 1938**, Directress of Nurses at the Fairmont General Hospital in Fairmont, W. Va., died on December 17, 1947 of pneumonia and cardiac failure. Miss Gilbert's passing was very sudden and a great loss to the hospital and the community wherein she had gained numerous friends.

\* \* \*

**Wendell Longstreth x-1933**, died at his home in Bradenton Beach, Florida, on December 12, 1947. "Stretch" had been postmaster at Bradenton Beach since 1941. He is survived by his wife and a son James.

\* \* \*

**Louis Alan McKee x-1919**, prominent Wheeling lawyer died in Ohio Valley General Hospital February 20, 1948. He is survived by his wife Mary Alice Graham McKee and a daughter Mary Jo.

\* \* \*

Mrs. **Edith Smith Rodefer**, wife of the late **O. A. Rodefer '13**, passed away at her home in Waynesburg, Pa. on Thursday, January 15, 1947. Mrs. Rodefer is survived by four sons, **David '41** of Pittsburgh, **Charles '49** of Bethany, James and William at home.

Mrs. **Carrie Mulkin**, a former resident of Bethany and mother of **Clarence D. Mulkin '24**, died January 7, 1948 in Columbus, Ohio.

# ATTENTION!!

## Bethany College Alumni Record

In order to serve more adequately the alumni of Bethany College a completely new and modern record system is being established in the Alumni Office. Each alumnus and former student will have on file a Keysort punch card containing important and useful information not now available.

The following questionnaire will provide the basic information for establishment of this card system.

Please complete and mail to Alumni Secretary, Bethany College.

Name: \_\_\_\_\_  
First Middle Last

Address: \_\_\_\_\_  
Street City County State

Sex: \_\_\_\_\_ Married: \_\_\_\_\_ Children: \_\_\_\_\_  
M or F Yes or No Number

What years did you attend Bethany College? \_\_\_\_\_ to \_\_\_\_\_

Did you graduate? \_\_\_\_\_ What year? \_\_\_\_\_ What degree? \_\_\_\_\_

What was your major field of study? \_\_\_\_\_

Did you belong to a Fraternity or Sorority? \_\_\_\_\_ Which one? \_\_\_\_\_
